Our Motto: **Fresh, Authentic Alaskan**

Palmer, Alaska is one of the only Alaska communities to stem from an agricultural lifestyle. Established in 1916 for the Alaska Railroad's branch line to the Chickaloon coal mines, little development occurred until 1935, when 203 families reeling from the Great Depression were relocated to Alaska with the promise of a better life.

The Matanuska Colony was one of more than 100 New Deal projects created by President Franklin D. Roosevelt to end nationwide unemployment and help Americans rebuild their lives.

What began as an ambitious farming experiment put Alaska on the map and cultivated the Mat-Su Valley as Alaska's agricultural heartland. Due to an extraordinary growing season (fertile soil and 19 hours of summer daylight), the giant size of some vegetables has become one of the area's trademarks. At the Alaska State Fair each August, you'll see world record cabbages and pumpkins being weighed in!

Many descendants of the original colonists remained in Alaska and some are operating original colony farms that grew the food on your table today! The hard workers of each of Alaska's farms inspire us every day at the Raven's Perch.

This is where we source our food from!

Please share photos of your experience using the #alaskagrown and #ravensperchak hashtags to show the folks back home why we at the Raven's Perch choose to serve fresh local produce with every meal!

Knik River Lodge and the Raven's Perch make every possible effort to use local ingredients. We believe in supporting farmers, our community and buying local. We are proud to work with these local businesses
